

SOCIETY OF LOCAL GOVERNMENT MANAGERS

What's on First Base?

Priority Setting in Local Government

8:30 am – 4:30 pm:

WEDNESDAY

Nov. 29, 2017

Grande Prairie

THURSDAY

Nov. 30, 2017

Edmonton/Leduc

FRIDAY

Dec. 1, 2017

Claresholm

The session will be facilitated by GORDON MCINTOSH – PhD, SLGM who has provided interactive training for 130,000 civic officials throughout Canada and overseas.

Staff and elected officials are invited to learn techniques to get off to a great start after the elections – determine Council priorities and align business plans with organizational capacity.

Failure to get to 'first base' in identifying and dealing with strategic matters causes problems for resource allocation, organizational focus and Council/staff relations. This session will focus on enabling participants to facilitate:

- **SETTING PRIORITIES:** scanning issues and opportunities, determining strategic topics and understanding organizational capacity
- **SEEKING SOLUTIONS:** identifying the problem, assessing options and determining preferred strategies
- **GETTING INTO ACTION:** developing action plans that are aligned with organizational capacity

Participants will learn new concepts and share ideas to:

- Deal with **real life challenges** facing participants
- Immediately apply and share **Tool Kit** techniques
- Sharpen their **leadership skills** to make a difference

HOW TO REGISTER

Registration Fee: \$300 plus gst per delegate **prior to November 16**. After Nov. 16th - \$325 plus GST.

Contact Linda Davies at SLGM (780) 796-3836 or linda.davies@shaw.ca for more information.
